The candidate will work closely with a senior interior designer, principals, and architects on interiors projects in a variety of market segments. The candidate will also be integrated into our mentorship program to support professional growth.

### **Job Description Responsibilities:**

- Develop space planning concepts in collaboration with staff
- Participate in finish Selection/furniture selection and specification process
- Provide project team coordination for finish plans, specifications, and material selections
- Work with consultants, furniture dealers, product representatives, and fabricators to meet overall project objectives.
- Assist with configuration, materials, systems design and inventory of furniture at client sites
- Develop digital and physical material boards and PowerPoint for client presentations.
- Coordinate with consultants, including but not limited to; mechanical, electrical, plumbing, furniture vendors
- Construction document development including but not limited to; plans, RCPs, elevations, enlarged plans/ diagrams, door & window schedules, details (with the assistance of lead designer/architect)
- Library duties; maintain and meet with vendors and manufacturers as well as maintain and update library.

### **Qualifications include:**

- 3-5 years of related experience as an interior designer.
- Knowledge of design process, including FF&E, furniture systems and specifications, color and materials.
- Outstanding graphic presentation skills.
- AutoCAD/Revit experience required. Sketchup & InDesign experience a plus.
- Flexibility to focus on a single client with a variety of project types or multiple, concurrent projects in various stages of development.
- Ability to communicate design ideas and direction.
- Associates degree in Interior Design, Interior Architecture, Architecture
- Willingness to participate, learn and grow.

Compensation – based on experience.
