Ground Broken on Sharp Chula Vista \$244M Hospital Tower

CHULA VISTA, Calif. –Ground was recently broken on a \$244-million, 197,000-square-foot hospital tower at Sharp Chula Vista Medical Center. It will add 138 private patient rooms, six large operating rooms, a rooftop café and more to meet the needs of the growing South County region of San Diego, California.

The Design-Build team for the project includes Hensel Phelps, SmithGroupJJR and AVR P Studios. The grand opening of the new hospital is anticipated in 2019. As a Planetree-designated hospital, the new tower will include:

- 138 private patient rooms, including 10 intensive care suites
- 5 high-tech surgical suites
- 1 unique and versatile hybrid operating room
- Redesigned main entrance and lobby
- Rooftop café with panoramic views of San Diego
- Additional space for support services, including pharmacy and kitchen
